Hi George, We are currently in communication with the Group regarding a revised submittal schedule. For now it looks like they will submit a DSRA Tech Memo March 22nd. The FS will follow, but we haven't worked out an exact date and it will be dependent on EPA comments on the DSRA Tech Memo. AND we are expecting a revised RI and RTC, but are also working out a date for those too.

I'll let you know once we set the schedule.

All is well here and I hope you are well too,

Betsy

Hi Betsy,

I forget. When do anticipate the draft FS for Rolling Knolls will be submitted for review.

Hope all is well.
